Commissioner for Patents

Applicant notified examiner via telephone conversation that they did not receive a copy of the SVOBODOVA reference cited in the current Office action. As a result, the examiner faxed a copy of the cited reference to applicant. In addition, attached also find a copy of this same cited reference. Since applicant did not receive a copy of a reference used in a rejection, the examiner will extend the response period by one month (i.e., equal time remaining to reply period) since the response period has already exceeded a period of one month (i.e., in reference to MPEP 710.06). Thus the new period for reply should be one month and would run from the date the error is corrected.
